# And Budget This Week

**Finance Hearings Set** By Committee; County Review Due Thursday

ANNAPOLIS, Jan. 22.-The Maryland General Assembly tonight will open its fourth week of work with few major jobs, among them budget consideration and first hearings on "home rule" bills, in the immediate

The record \$112,773,590 budget which Gov. O'Conor presented Friday to the joint houses will come before the House Ways and Means and the Senate Finance Committees, while the "home rule" hearings will be held before the joint Senate Judicial Proceedings and House Judiciary Committees. Chairman John C. Luber of the

Ways and Means Committee announced last week that his committee had cleared away all work except a score of bills which would require hearings, thus paving the way for immediate work on the voluminous budget bill.

Commissioners Invited. The Senate Finance Committee also is expected to start examination of the State fiscal program this week.

The Judicial Proceedings Committee meantime has scheduled a hearing on the "home rule" bills Thursday. The House Judiciary Committee will sit in

County commissioners throughout the State have been invited to appear and express their views on the plan which would broaden their powers by transferring to them certain prerogatives now held by the

measures with such little con-troversy that their chances to get son at the Mile o' Dimes stand to through the Senate appear good.

Would Ban Assembly Powers. local lawmaking powers on county from bringing 10 dimes to the stand, role was the dizzy bride in "The commissioners, another would do she slipped on the street and died Doughgirls," played also in "Hollythe same for incorporated municial as a result of her injuries.

Wood Canteen," "Princess O'Rourke" the same for incorporated municias a result of her injuries. palities and the third would amend the Constitution to ban General But the money she would have and "Make Your Own Bed." She bill for purchase of the property by costars with Ray Milland in the United States as a memorial Assembly action in these matters. The attitude of the county commissioners generally was not known, although it was expected that a majority would favor the proposals.

The Evening Star

**Hotel-Apartment Suites** To Be Erected on Site. **Purchasers Disclose** 

Preliminary plans for buildings proposed for construction on Tem-ple Heights, Connecticut and Florida evenues N.W., were disclosed today by a spokesman for purchasers of the property, an undisclosed New York syndicate. Plans, according to the prelimi-

nary sketch, call for erection of eight buildings to house apartment and hotel-apartment suites.

The project is in charge of the architectural firm of E. Burton Corning and Raymond G. Moore. Associated with them in planning are Pierre Ghent and Associates and

Setback Terraces Buildings along the Nineteenth street and Florida avenue frontages will nave four floors of setback terraces which will overlook downtown Washington, it was said.

Associated Engineers, Inc.

The purchasers point out that under zoning regulations 75 per cent of the site could be occupied by buildings, but that by careful plan-ning building occupancy will total less than 36 per cent of the property. Loss of some trees on the property. it was said, would be "more than offset" by liberal use of evergreens, flowering trees and shrubs. Many maple trees will be transplanted and used for street trees, according to present expectations.

Included in the plans are provisions for a sunken garden, nursery school, kindergarten, health club, type dining rooms.

was said.

\$2,500,000 Project. Capitalized valuation of the property for development purposes is in

excess of \$2,500,000, it was said. Last Thursday Senator Capper, Republican, of Kansas introduced a ize an appropriation of not more open to the public, at the Depart- theater, recently than \$900,000 to cover cost of purmental Auditorium, Constitution was decorated chase of the site.

to adopt the proposed changes after residents have been allowed to express their views. The present zoning ordinance was passed in 1932 and amended in 1939,

said the Council will decide whether

Mr. Budwesky said. Although the proposed changes have been advertised and the map showing the changes has been in the ffice of the city engineer for several weeks, no one has asked to see the map, according to City Engineer C. Luckett Watkins. However, the Planning Commission members and city officials are hopeful that the public hearing will be well attended in view of the many expressions of approval of the report's proposals.

In general, the Planning Commission recommends division of the present A residential zone classification to include a restricted zone in certain areas, limiting construction of apartments and row houses in the northwest section of the city, increasing the areas zoned for twofamily houses, centralizing the shopping districts, providing protective screening for residential areas and construction of three major parks ways as well as small neighborhood parks and three recreation areas in the section.

The commission has also recomthe India-Burma theater he flew mended the elimination of spot zoning in the future.
